Balance of indebtedness ..... \$5,589 06

The town is paying 5% interest on about \$12,564.49.  
This amounts to \$628.22 annually.

The selectmen report a few more guide boards  
needed.

The school directors recommend as much money  
needed for current expenses.

The town should pay some of its debt, and not so  
much interest.

Having examined the books of the treasurer, select-  
men, overseer, school directors and highway commis-  
sioner, we respectfully submit this report.

The library has been re-painted, part of the expense being paid by the Woman's Club, for which we hereby extend hearty thanks. Wood for fuel for the coming year must be obtained, so we trust you will excuse us for not buying more books. Twenty-five or fifty dollars more might well be used for books and library supplies.

### SUPERINTENDENT'S REPORT

To the Citizens of Weston:

Generally speaking, the school year has been a successful one. In June 1925, one student was graduated from high school and one pupil from the eighth grade.

Weston has now seven students in high school and two in college. We began this school year with four schools, having a total enrollment of fifty-three pupils. In the early winter several families moved away from the Shattuck district, so the directors closed the school at the beginning of the holidays. The remaining pupils are attending the Bennett school. As usual the pupils of the various schools have earned some money for school equipment. The Children of the Village school sold Christmas Seals for the Vermont Tuberculosis Association. The spirit in which the boys and girls enter into these things has promise for the future.

This year the school board purchased some fine wall maps for all the schools. Some new books have also been added to our equipment. Other things are needed.

The Village school should have a new heating system and new window shades.

The grounds at the Bennett school might be much improved by removing some of the rocks, and grading the side next to the road. But for this I would suggest a neighborhood bee with a dinner at the school house for the workers and their families.—I remember one such occasion at my old home school when one Arbor Day, each family in the district planted a tree on the grounds. We had a dinner at the school house, followed by readings and songs and a general good

---

time. Then everybody wondered why in the world they hadn't done it before.

The time, thought and money you spend for the betterment of your boys and girls now will return you a hundred fold some time in the future.

Very truly yours,

ABBIE E. FOLLETTE.

### OLD HOME WEEK

Let us plan to have one soon. There is about twelve dollars in the treasury, which is better than to be twelve dollars in the hole.

FRANK LOVEJOY, Treasurer.
